

**FOR IMMEDIATE RELEASE**

**Silvus Appoints Aerospace and Defense Industry Veteran  
Gorik Hossepian As Chief Operating Officer**

**Los Angeles, California (September 6, 2023)** – Silvus Technologies, Inc. ("Silvus"), a global leader of advanced wireless networking communication systems, today announced the addition of Gorik Hossepian to its executive management team as Chief Operating Officer.

Mr. Hossepian brings more than 40 years of strategic and operational leadership experience across the aerospace and defense industry at leading companies including AeroVironment, Northrop Grumman, Boeing Satellite Systems and Honeywell Aerospace. This addition underscores Silvus' commitment to growing its global operations, scaling its future product and technology roadmap, and furthering its mission of solving the toughest tactical communications problems on the planet.

"Gorik has an incredible wealth of leadership experience in driving emerging technology product innovation and operational effectiveness, and I'm confident he will have an immediate impact across the company," said Babak Daneshrad, Silvus Founder and CEO. "I look forward to working with him to continue to fuel Silvus' rapid growth, delivering next generation comms technology and the superior product performance our end users have come to depend on and expect."

Prior to joining Silvus, Mr. Hossepian served as Vice President and General Manager at AeroVironment, leading the company's medium unmanned aircraft systems business. Prior to AeroVironment he served in senior leadership roles, managing high-profile business units at industry-leading aerospace and defense companies.

"I'm thrilled to be joining the Silvus Technologies team," said Gorik Hossepian, Silvus COO. "The global growth opportunity at Silvus is significant and I am looking forward to working across the organization to continue to push the limits of communications technology for mission critical applications."

Mr. Hossepian holds a master's degree in mechanical engineering from the University of Southern California. For more information visit the Management Team page on the Silvus [website](#), or follow Silvus on [LinkedIn](#).
