New Product Introductions

StreamCaster PRISM

At AUSA Annual 2023, Silvus unveiled StreamCaster PRISM, a new family of modular Precision Integrated Sectorized MIMO antenna radio systems that combine the performance of StreamCaster MANET radios with high-gain, dual polarity sector antennas to deliver up to 360° of coverage for air & ground applications.

Featured Partner - Skyfront

“Skyfront has been working closely with Silvus to bring their radios into the Green / Blue UAS ecosystem. As a result of the certification process, our government and commercial customers can rest assured that their Skyfront drones have the best-in-class communications with the highest supply chain and security assurances possible.”

Troy Mestler, Ph.D., CEO of Skyfront

Congratulations to our partner Skyfront for being the first UAS platform to achieve AUVSI Green UAS Certification - meeting the highest level of cybersecurity and NDAA supply chain requirements.
